Are there places in the world where the  
Spiritual realm is closer than in others?

Described as a “Thin Book about Thin  
Places”, Steve’s work offers a succinct  
exploration of the concept of “Thin  
Places” in Christian thought and  
tradition.

Using the lenses of Scripture, Tradition,  
Experience and Reason, he takes a  
journey through the Christian  
experience of Thin Places down the ages  
asking the question “Do Thin Places  
exist today? - and if so, Why?”

Books will be available to buy at £5.99  
from the Churches Bookshop

(£1.00 cheaper than amazon.co.uk!!)
